

SRM PRE-DISASTER PROGRAM

ServiceMaster Recovery Management (SRM) believes the best defense is a good offense. Traditional pre-loss agreements offer little for commercial clients from the time of signing until they experience a loss. This is why, we have engineered the industry's first Priority Pre-Disaster Partnership. Unlike outdated disaster response programs, our Priority Pre-Disaster Partnership provides value to clients before, during and after a property loss. Our solutions are uniquely tailored to each client's needs and have been purposely developed to minimize risk, limit claim severity and significantly reduce business and life interruption. Calling upon our decades of experience along with invaluable feedback from clients and industry leaders alike, SRM has invested in the people, resources, technology and systems to bring a truly unique service offering to the market. Simply put, SRM has revolutionized how commercial properties should look at their disaster restoration partner.
